PRNewswire/ -- JAY-Z and Roc Nation announced JAY-Z 30 on Friday, July 10th and JAY-Z 25 on Saturday, July 11th, two historic nights at Yankee Stadium celebrating the anniversaries of Reasonable Doubt and The Blueprint, two of the most influential albums in music history.

On Saturday, July 11th, JAY-Z 25 will celebrate the 25th anniversary of The Blueprint, his groundbreaking 2001 opus widely regarded as one of the greatest albums of all time.

ABOUT REASONABLE DOUBT:
Released on June 25, 1996, via Roc-A-Fella Records, Reasonable Doubt is widely considered one of the greatest debut albums in history. Featuring production from DJ Premier, Ski Beatz, Clark Kent, Irv Gotti, and others, the album includes appearances from The Notorious B.I.G., Mary J. Blige, Foxy Brown, Memphis Bleek, Jaz-O, and Sauce Money, and established JAY-Z as one of rap's most compelling storytellers.

ABOUT THE BLUEPRINT:

Released on September 11, 2001, The Blueprint remains one of the most influential albums ever recorded. Crafted largely in just two weeks, the project—featuring production from Kanye West, Just Blaze, and Bink—has consistently been ranked among the greatest albums of all time.

ABOUT JAY-Z:

Since the release of Reasonable Doubt, JAY-Z has transformed music, business, and culture. A 25-time GRAMMY Award winner and Songwriters Hall of Fame inductee, he made history as the first solo hip-hop artist inducted into the Rock and Roll Hall of Fame.

Beyond music, JAY-Z is a visionary entrepreneur and philanthropist. In 2008, he co-founded Roc Nation, the global entertainment company spanning music, sports, film, and culture. He is also the founder or co-owner of several ventures, including D'USSÉ, Paper Planes, the legendary 40/40 Club, TIDAL, and Armand de Brignac champagne.

Through the Shawn Carter Foundation co-founded with his mother, Dr. Gloria Carter, JAY-Z supports educational opportunities for underserved youth and advocates for criminal justice reform through REFORM Alliance.

Q. Should I wear a stocking cap under my wig?

A. Wearing a stocking cap under a wig is optional. It depends on the wig (girlfriend), your hair, and the look want. But yes, a stocking cap helps. Stocking caps flattens your natural hair so the wig lays more naturally. They help control fly away and bulk, and they act as barriers to absorb sweat and oils.

Q. Mr. JoJo I'm a 57 year old man, and my hair is starting to thin. I want to prolong this as long as I can. What do you suggest?

A. Well my brother, I suggest the Rosemary

Q. What's the advantage of wearing human hair wigs?

A. Human hair wigs have a more natural appearance. They look, move and feel like real hair. They also have less shine than synthetic wigs. You can curl, flat iron, or blow-dry them just like your own hair. Unprocessed human hair wigs can be dyed, highlighted, or toned to match your exact look.
